EDUCATION

University of California, Riverside

Sept 2021 – June 2025

Bachelor of Science in Computer Science

- **Relevant Training:** UCSD Extension - Foundations of UI/UX Design (Summer 2025); Google UX Design Professional Certificate (Ongoing)

PROJECTS

Fashion Projection Mapping

December 2025 - Present

- Built a projection mapping system that turns human movement into responsive visuals, projecting in any physical space
- Managed software + hardware pipelines for projector and laptop displays
- Used MediaPipe for real-time human detection and landmark tracking to drive responsive 'counter-design' visuals
- Designed multi-device workflow to debug and improve performance, demonstrating end-to-end project execution

AI Portfolio

December 2025 - Present

- Designed an interactive AI portfolio using conversational design and technical skills to showcase my creative identity
- Deployed a React frontend with a cloud-hosted backend, managing and continuously maintaining full-stack delivery

The Beef/Bear: UI/UX Case Study

June 2025 – August 2025

- Designed and implemented a dual-themed restaurant mobile and web design inspired by FX's Emmy-winning show
- Defined layout, tone, and narrative through storyboarding and persona mapping
- Wireframed ideas, iterated on stakeholder feedback, and prototyped and presented designs using Figma

EXPERIENCE

Rezolve AI - AI Startup

November 2025 - Present

Software Engineer - AI Product Development

- Building an AI-powered voice agent that automates IT support calls by utilizing real-time speech understanding, workflow automation, LLM-based intent parsing, and backend ticketing systems for clients
- Leading product refactoring and scaling of codebase to handle multiple calls, multiple tenants, and enhance user experience for all potential callers
- Tracing logic bugs across call flows, API responses, and environment configurations in a fast-evolving codebase
- Designing and implementing scalable features based on user feedback to prepare for prototype launch

The H.Wood Group - Hospitality

June 2023 - August 2023

Information Technology Intern

- Managed communication between technical team and marketing teams to deliver high-quality products and visuals
- Built a task portal for 10+ venues to streamline operations, aligning with venue-specific aesthetics and brand designs

LEADERSHIP

Bourn's College of Engineering

March 2024 - June 2025

Student Ambassador and Media Lead

- Represented the UCR Engineering School at events and on campus for incoming and current students and families
- Produced graphics and social media content to advertise events; increased engagement on social media by 200%
- Authored onboarding handbook to support knowledge transfer and establish guidelines for ambassador program

SKILLS

- **Creative Tools:** Figma, Framer, TouchDesigner, Storyboarding, UX Design, Persona Mapping, Interactive Media, Adobe Creative Cloud, Adobe Photoshop, CapCut,
- **Technical Skills:** Python, C++, Java, JavaScript, SQL, Bash, React, Tailwind CSS, Node.js, OpenCV, MediaPipe, DensePose, Docker, Azure, GCP, Apache Kafka
- **Tools:** Agile/SCRUM, Kanban, Git, JIRA, Cross-functional collaboration
